

Business Quiz(15 points)

This will test a team's understanding of the business-financial and the very generic economic aspects.

- There will be two rounds in the event-prelims and mains.
- There is no restriction on the number of teams in the preliminary round
- A team can have maximum 3 members.
- From the preliminary round, top 2 teams from each pool will move to the main round.
- The average of top 8 teams of each pool in the preliminary round will be calculated out of 100. It will be added to the score of both the teams of the pool in the main round
- Team scores of a pool will not be added (2 teams of the same pool can thus come in 1st and 2nd).
- The teams with highest points (score of main round + the average calculated as above) will be the winners
- The quiz master's decision will be final and binding.
- If a team of a certain pool is found to help the other, both the teams will be immediately disqualified.
