

FLYING PHOTOGRAPHY

This is more than an ordinary Photography, where you have to capture the particular subject with suitable placement in particular frame but remember your relative position with respect to subject is changing continuously. Imagine the difficulty and think differently to capture the subject you want. The only event of its kind in whole India.

1. Maximum of 3 members from each pool can participate in the event.
2. It is the duty of the pool captain to send the members at the right time.
3. There will be no practice sessions before hand.
4. The members should be from the same pool of hostels only.
5. Venue and timing:
 - A) Flight lab (Air strip)
 - B) Date: 1 September
 - C) Timing : 9 to 12 am
6. Any no. of photographs can be taken during the flight
But finally only one photograph should be submitted from each member.
7. The photograph should be taken during the flight.
8. An additional 5 minutes will be given to the member to choose upon the photograph he is going to submit.
9. Once the photograph is submitted no change will be allowed.
10. Each photograph will be judged on a grade of 10 marks.
11. Each photograph will be judged on the following criteria:
